SUMMARY

Dedicated and detail-oriented professional with 8+ months of experience as a Production Engineer at ACS TECHNO, specializing in aesthetic louver windows & hardware parts manufacturing. Skilled in production measurement, performance analysis, & designs part, assembly, production & plant management and also Computer Aided Manufacturing in CNC milling machine

WORK EXPERIENCE

L&T S.S.H.F. (Larsen & Toubro Special Steels & Heavy Forgings) july2023/24

- As C.N.C. programmers & Operator with 6month plant training + 6month job experience in machine shop
- Manual G-code\M-code programing in siemens control panel in horizontal milling machine
- C.N.C. Turning machine programing in siemens control panel
- Heavy operations, turning & milling tools/CNC machine operating & setting in ± 0.01 tolerancing (milling/turning)
- Measuring instruments(vernier caliper, micro meter etc.)
- Team management & production control
- Industrial safety & engineering hazards

ACS TECHNO Pvt. Ltd. (Production Engineer & C.A.D. designer/ C.N.C. Programmer)

- Mechanical C.A.D. designing in Siemens NX CAD/Solid works CAD
 - V.M.C. (vertical milling machine) 3D programming in Siemens NX CAM/Hexagon esprit CAM
 - Production control & pant management/measuring like vernier caliper, measure tape etc.
 - Quality control/production planning & fixture designing
-

EDUCATION

• **INDO GERMAN TOOL ROOM-AHEMDABAD**

C.C.M.T.R (diploma in mechanical engineering/tool room) with specialization in mechanical C.A.D/ C.A.M

TECHNICAL SKILLS

- Production Planning & Supervision
 - Mechanical C.A.D designing/Computer aided manufacturing
 - Performance Measurement & Analysis
 - Manufacturing Process Optimization
 - Team Coordination & Leadership
 - Attention to Detail & Problem-Solving
-

SOFTWARE SKILLS

- M.S.(Microsoft) office (word, excel, PowerPoint)
- Autodesk AutoCAD, solid works ,Autodesk power shape, siemens NX CAD

- Hexagon esprit CAM, siemens NX CAM
-

CERTIFICATE

- Solid works profession (mechanical CAD) Sopan institute of design & engineering
- Solid works weldments (Sopan institute of design & engineering)
- Solid works mold making (Sopan institute of design & engineering)
- Solid works surfacing (Sopan institute of design & engineering)
