Professional Summary

Electronics & Communication Engineer With Mechanical And Electrical Engineering Field Experience With Good Site Experience From Reputed MNC And Power, Oil & Energy Sector Giant Company, Port & Logistics Sector Giant Company, Exceptional Problem-Solving And Troubleshooting Skills Seeking A Position In Which These Skills Can Be Utilized And Enhanced For The Betterment Of The Company.

Core Qualification:

- Excellent knowledge in the mechanical, electrical, instrumentation & civil engineering field.
- Understanding of all the applications of electrical & mechanical instruments.
- Both practical as well as the cortical knowledge of different electrical & mechanical instruments.

Personal Qualities:

- Organized and diligent with excellent written, oral and interpersonal communication skills.
- Good engineering proficiency in piping and plant layout.
- Good professional quality and professional ethics, with high sense of responsibility.
- Good grasping power with good engineering skills in electro-mechanical & civil engineering.
- Good engineering proficiency in engineering documents in relevant fields.
- Able to build solid, effective working relationships with others.
- Strong creative and analytical skills, Team player with an eye for detail.
- Good communication skills verbal and written with the ability to deal with client, vendor and staff at all levels.

Technical Skills:

Auto-Cad, Piping And Plant Layout Of Dust Suppression System & Firefighting System, EPC(Engineering, Procurement & Construction) Projects, Operations Management, Supply Chain Management(SSM), Cost Controller, Employee Development, Vender Development, Cross-Functional Team Management, Erection & Commissioning Documents, Supervision And Training, Skilled Negotiator, Sound Judgment, Computer Savvy, Advance MS Office.

Current Job Profile:

Company: Eagle Engineering Industries - Rajkot

Designation: Project Engineer, Application cum Estimate Engineer, Procurement Executive, Maintenance Engineer, Erection & Commissioning Engineer

Duration: April 2019 to till now

Job Profile:

Engineering Function:

- Coordinating the project activities and technical specifications with the clients / costumer to ensure that projects are executed using agreed standards & processes.
- Mechanical maintenance planning, Day to day maintenance planning,
- O&M of air compressor, Single stage & multistage centrifugal pump, Shaft alignment, Mechanical valve maintenance
- Preparing P&ID, Piping layout, Drawing / Datasheet and required engineering documents.
- Exceptional focus, follow-through and coordination skills. Proven ability to develop and manage project schedules and known for working well with cross-functional team to achieve on-time project completion.
- Review and approve all project techno-commercial documentation.
- To prepare all monthly project financial cost reporting documents.
- Raise critical issues and areas of concern of the project to senior managers.
- Carrying out technical discussion with Engineering Consultants for approval of design and drawings.

Commercial Functions:

- Project proposal & Commercial negotiation for projects.
- Monitoring & managing of supply, service and procurement schedules for projects.

- Monitoring & managing of monthly invoice projections/ revenue rolling plans for various projects.
- Preparing billing breakup, Prepare dispatch schedule, Prepare dispatch and review dispatch documents.

Project Sales Exposure:

- Consult with client to identify key requirement & prepare the technical offer according to the requirement.
- Estimate the cost of the project based on the client requirement & discusses the same with management team to get the approval prior to client submission.
- Preparation and analysis of techno-commercial bid documents for different types of projects.
- Plan & Manage pre & post bid submission activity.
- Customer service to ensure the company's high standards, efficiency and productivity goals are met.

Skills: Project Management, Project Engineering, Sales Management, Team Management, Site Commissioning, Cost Management, Vendor Contracts, Organization Skills, Customer Relationship Management (CRM), Project Estimation, Team Leadership, Third Party Inspection, Project Delivery, Engineering Procurement, Vendor Management, Customer Service Management, Engineering Design, Vendor Coordination, Client Relations, Project Coordination, Project Planning.

Work Experience:

1) Company: Eagle Engineering Industries - Rajkot

Designation: Project engineer, Maintenance Engineer, Erection and commissioning engineer

Duration: August -2016 to April-2019

Job Profile:

- Complete technical documents, Negotiation with vendors & release the purchase order.
- Preparing billing break-up as per indent / bill of quantity inquiry floats to different approved vendor as per specification and requirement.
- Following up with vendors for manufacturing of equipment & inspection of the material.
- Monitoring the supply of material as per project schedule and contract documents.
- Inspection of materials as per quality assurance plan & Co-ordination with site for proper execution of work.
- Monitoring workshop activities with engineering documents.

Skills: Design engineering, Site erection and commissioning, Customer relationship management (CRM), Engineering procurement, Site management.

2) Company: Tata Power Co. Ltd. – Trombay (Mumbai) (C/O Eagle engineering industries – Rajkot)

Designation: Erection, commissioning and maintenance engineer

Duration: August -2015 to August-2016

Job Profile:

- Supervising daily activities with managing good workmanship.
- Mechanical erection & maintenance planning, Day to day erection and maintenance planning,
- O&M of air compressor, Single stage & multistage centrifugal pump, Shaft alignment, Mechanical valve maintenance & Instrument maintenance.
- Coordination with site-in charge, Issue daily work permits for site activity, Maintain safety protocol.
- Maintain quality as per site and costumer requirement & Prepare monthly progress report and set milestone.
- Prepare erection and commissioning protocol and get final approval from related client engineer.
- Prepare monthly erection & commissioning invoices.
- Arrange pre-commissioning, final commissioning activities and site handover to client / end user.

Skills: Erection and Commissioning, Operation & Maintenance, Design engineering, Site management, QC maintenance.

3) Company: Eagle Engineering Industries – Rajkot

Designation: Senior Engineer

Duration: July-2014 to July-2015

Job Profile:

- Complete technical documents (i.e. drawing, datasheet and design & engineering).
- Monitoring workshop activities with engineering documents.

Skills: Review design engineering documents, Workshop & QC maintenance, TP Inspection Management.

4) Company: Eagle Engineering Industries – Rajkot

Designation: Junior Engineer

Duration: January-2013 to June-2014

Job Profile:

- Monitoring workshop activities with engineering documents.

Skills: Prepare design & Engineering documents, Workshop & QC maintenance.

5) Company: Yantrang CNC Automation Pvt. Ltd. - Rajkot

Designation: Plant engineer

Duration: April-2012 to December-2012

Job Profile:

- Monitoring workshop activities with engineering documents.

Skills: Prepare design & Engineering documents, Workshop & QC maintenance.

6) Company: Super Ferro Cast Pvt. Ltd. - Rajkot

Designation: Plant engineer

Duration: April-2009 to March-2012

Job Profile:

- Monitoring workshop activities with engineering documents.

Skills: Prepare design & Engineering documents, Workshop & QC maintenance.

Total Work Experience: 16 years 02 Month

Coordinated And Handled Projects:

- Project engineer and procurement executive of FGD system dust suppression system package for sikka thermal power project – Jamnager (Gujarat). (C/O GE Power India Ltd.)

- Project engineer, procurement executive, erection & commissioning engineer of water distribution system for odisha mining corporation - Kurmitar (Odisha) (Unit of M/s Adani enterprise). (C/O TKIL Industries Pvt. Ltd.)

- Project engineer, application cum estimate engineer and procurement executive of polycom shaft close loop cooling water system at UltraTech cement – Parli CGU upgradation- Maharashtra. (C/O TKIL Industries Pvt. Ltd.)

- Project engineer, application cum estimate engineer and procurement executive of paddle feeder machine dry fog dust suppression system package for sangam Engineering (NCL) – Singrauli. (C/O TKIL Industries Pvt. Ltd.)

- Project engineer, application cum estimate Engineer and procurement executive of polycom shaft close loop cooling water system at ambuja cement - Bhatinda CGU Expansion (Punjab). (C/O TKIL Industries Pvt. Ltd.)

- Project engineer, application cum estimate engineer and procurement executive of polycom shaft close loop cooling water system for RAMCO cement- 7000TPD Raw & PYRO Process (Andhra Pradesh)

(C/O TKIL Industries Pvt. Ltd.)

- Project engineer, application cum estimate engineer and procurement executive of polycom shaft close loop cooling water system for ASIAN white cement: 85 TPH raw grinding - United Arab Emirates. (C/O TKIL Industries Pvt. Ltd.)

- Project engineer, application engineer and procurement executive of dry fog dust suppression system package for paddle feeder machine at asian energy services limited (Jharkhand). (C/O TKIL Industries Pvt. Ltd.)

- Project engineer, application cum estimate engineer, procurement executive, erection & commissioning Engineer of polycom shaft close loop cooling water system at UltraTech cement – Happy 1 & 2 plant (Andhra Pradesh).

(C/O TKIL Industries Pvt. Ltd.)

- Project engineer, estimate engineer and procurement executive of FGD system dust suppression system package FGD stockpile at feroze gandhi unchahar thermal power project – Raebareli (U.P.). (C/O GE Power India Ltd.)

- Project engineer, procurement executive, erection & commissioning engineer of dry fog dust suppression system package for limestone stacker machine at wonder cement – Nimbahera (Rajasthan). (C/O Elecon Engg.Co. Ltd.)

- Project engineer and procurement executive of dust suppression system for stacker cum reclaimier machine dust suppression system package at JSW energy (UTKAL) Ltd. – Jharsguda (Odisha) (C/O TKIL Industries Pvt. Ltd.)

- Project engineer and procurement executive of dust suppression system for conveyor system package at gujarat state electricity corporation Ltd. (GSECL) – Sikka (Gujarat).

- Project engineer, application cum estimate engineer and procurement executive of polycom shaft close loop cooling water system at UltraTech cement –Tadipatri & Kukurdi plant. (C/O TKIL Industries Pvt. Ltd.)

- Project engineer and procurement executive of dry fog dust suppression for iron ore handling and evacuation system at odisha mining corporation - Kurmitar (Unit of M/s Adani enterprise).(C/O TKIL Industries Pvt. Ltd.)

- Project engineer, estimate engineer and procurement executive of dry fog dust suppression syem for pet coke conveyor package at rajasthan refinery ltd. - barmer (Unit of M/s HPCL). (C/O TKIL Industries Pvt. Ltd.)

- Project engineer, procurement executive, erection & commissioning engineer of polycom shaft close loop cooling water system for various projects of JSW cement, wonder cement and adani cement.(C/O TKIL Industries Pvt. Ltd.)

- Project engineer, erection and commissioning engineer of dust suppression system for track hopper package at aditya aluminum (Unit of M/s HINDALCO industries) – Lapanga (Odisha). (C/O TKIL Industries Pvt. Ltd.)

- Project engineer and commissioning engineer of dust suppression system for RCCPL private limited (Unit of M/s MP birla cement) – Yavatmal (maharashtra). (C/O TKIL Industries Pvt. Ltd.)

- Project engineer of dump hopper and crushing-screening package dust suppression system for dangote cement Cote D' Ivoire cement grinding unit – South Africa. (C/O TKIL Industries Pvt. Ltd.)
- Project engineer and erection & commissioning engineer of barrel reclaimer dust suppression system – Tatanagar (Unit of M/s Tata Steel). (C/O Elecon Engg. Co. Ltd.)
- Project engineer and erection & commissioning engineer of stacker cum reclaimer dust suppression system for sanghi cement – sanghipurm (Kutchh) (Unit of M/s Adani enterprise). (C/O Elecon Engg. Co. Ltd.)
- Project engineer, procurement executive, erection & commissioning engineer of dust suppression system for coal handling plant at yeramras thermal power unit – Raichur (Unit of M/s KPCL). (C/O Elecon Engg.Co. Ltd.)
- Project engineer of dust suppression system for pipe conveyor system package at chandrapur extension project. (MAHAGENCO) – Chandrapur (C/O TKIL Industries Pvt. Ltd.)
- Senior engineer & commissioning engineer of dust suppression system package for coal handling plant at harduaganj thermal power station project- Harduaganj (U.P.). (C/O FLSmidth India Pvt. Ltd.)
- Senior engineer & commissioning engineer of dust suppression system package for coal handling plant at Barmer lignite mines corporation LTD. (Unit of JSW Energy). (C/O FLSmidth India Pvt. Ltd.)
- Senior engineer of dust suppression system package for the dhamra port company ltd. (Unit of M/s Adani enterprise) – Dhamra (Odisha). (C/O TKIL Industries Pvt. Ltd.)
- Senior engineer of dust suppression system package for ship unloader at SICAL iron ore terminal ltd. - Chennai (C/O FLSmidth India Pvt. Ltd.)
- Commissioning engineer for dust suppression system at M/s NMDC-Donimalai. (C/O Elecon Engg. Co. Ltd.)
- Erection & commissioning engineer for stacker cum reclamier machine of dust suppression system at costal gujarat power limited (Unit of M/s TATA Power Co. Ltd.) - Mundra (C/o Eagle Engineering Industries).
- Jr. Design engineer for material handling plant for M/s Ambuja Cement – Rabariyawas (Rajasthan).
- Jr. Design engineer for material handling plant for M/s Tanjung bin energy power plant - Johor (Malaysia).

Area of interest:

- Dust suppression & Control system
- Fire-fighting system
- Material handling plant, thermal power industries, mining and logistics industries
- Solar & Renewable Energy
- Piping and Valves Industries
- ETP / STP plant, Ventilation & Dust extraction system

Academic Qualification:

- Diploma in electronics & communication from technical examination board - Gandhinagar (Passing Year - 2009) (Institute: Christ polytechnic institute – Rajkot)
- S.S.C. from Gujarat state secondary and higher secondary board (Year of passing - 2006)

Personal Details:

Name: Nikhil Chovatia

Father name: Bipinbhai Chovatia

Date of birth: 13th October 1991

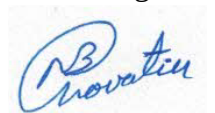

Language known: Gujarati, Hindi, Marathi, English.

Hobbies: Travelling, Cricket, Reading NEWS paper, Watching Historic & Si-Fi Movies, Internet Surfing.
