EDUCATION

Bachelor of Engineering, Mechanical Engineering

Vilnius Gedminas Technical University , Vilnius , Lithuania

Post Graduate diploma in Tool and Die Design

P.S.G College of Technology, Coimbatore, India

Higher Secondary School Leaving Certificate

S.K.V Matriculation Higher Secondary School, Kandampalayam, Namakal District, India

Secondary School Leaving Certificate

Adharsh Vidhyalaya Matriculation Higher Secondary School, Anthiyur, Erode District, India

INTERNSHIPS

DS Smith

Oct 2023 – Nov 2023

Vilnius, Lithuania

- Finished a 6-week training on DS smith with efficiently managed and updated outreach contact databases using Excel , and enhanced CAD proficiency, specializing in Solid-works, with a focus on packing industry.

Excel Plast

Jan 2025- Feb 2025

Coimbatore, India

- Worked on a real-time embedded project, gaining hands-on experience in operating and troubleshooting injection moulding machines.
- Enhanced skills in Creo Software to design molds and components, ensuring precision and manufacturability.

PROJECTS

Design and En-chancing Mobility of Robotic Wheelchair

Jan 2024 – May 2024

Vilnius Gedminas Technical University , Vilnius , Lithuania

- Designed and developed a Robotic wheelchair with joystick controls, obstacle detection and automated navigation. Utilized MATLAB , Solidworks for Simulation , programming and prototyping.

WORKSHOPS ATTENDED

- Attended one day workshop on Marcus Hi tech Engineering in Lakshmi life and sciences,covering die casting fundamentals, die design , machinery, advanced techniques and quality control.
- Attended one day workshop on Lakshmi life and sciences covering amalgamation of Automation Engineering & Medical Plastics Cleanroom Molding & Assembly and machine Tools and Tooling division organized by P.S.G college of Technology, Coimbatore.

CERTIFICATIONS

- Finished an CAD course on Solid-works at CAD centre.
- Finished an NPTEL course on GD&T.

TECHNICAL SKILLS

Languages: C **Software Tools:** Autocad, Solidworks, Creo, MS office
