

Piyushkumar Patel

C-204, Tirupati Shyam Villa, Surat-395017, India

+91-8460663498

Piyushpatel4075@gmail.com,

Date of Birth: 01.11.1987

Nationality: Indian

WORK EXPERIENCE

- 03.2024 – Present** **DSS Automation Technologies Pvt. Ltd, Baroda, India**
Sr. Design Engineer
- Design Special purpose machine assembly concept and detail designing.
 - Prepare cost estimation and documentation of development projects.
 - Discussion with customers, RFQ, Feasible studies with drawings.
 - New, R&D & NPD projects concern with input, output and review with verification & validation process according to manufacturing feasibility.
 - KPI/KAI reviews
 - Manage, coordinate & understand development team and connect to various department and also ability to work with diverse group.
 - Used Software: Solid works & AutoCAD
- 09.2022 – 07.2023** **Cosmos Impex India Pvt. Ltd, Baroda, India**
Asst. Manager – Innovation & Development
- Design CNC machine assembly concept and detail designing.
 - Develop Sheet Metal enclosures for various CNC machines.
 - Constructive development of machine elements & selection process.
 - Prepare cost estimation and documentation of development projects.
 - Manage, coordinate and understand development team and connect to various Department.
 - Used Software: Solid works & AutoCAD
- 02.2021 - 11.2021** **PMT Machines Ltd, Baroda, India**
Asst. Manager – Design
- Development of various models for CNC grinding machines and SPM.
 - Design Sheet Metal enclosures for various CNC grinding models.
 - Research and Develop CNC grinding machine concept and detail designing.
 - Co-ordinate Development Projects with Purchase inquiry and cost Preparation.
 - Used Software: Solid works & AutoCAD
- 07.2016 - 02.2021** **Batliboi Ltd, Surat, India**
Asst. Manager - Design
- Develop CNC machine assembly concept and detail designing.
 - Design Sheet Metal enclosures for various CNC machines.
 - Constructive development of machine elements & selection process.
 - Analysis and preparation of machine components with their feasibility.
 - Prepare cost estimation and documentation of development projects.
 - Develop, coordinate and collaboration with prototype and manufacturing Department.
 - Used Software: Solid works & AutoCAD

- 07.2014 - 02.2016** **PMT Machines Ltd, Baroda, India**
Sr. Engineer-Design
- Development of various models for CNC grinding machines.
 - Research & development in Jig & fixture designing for required job application for grinding machines.
 - Innovative Ideas about automatic grinding process in various component.
 - Creation of layouts, specification and documentation for project.
 - Used Software: Unigraphics-NX & AutoCAD
- 11.2011 - 06.2014** **Batliboi Ltd, Surat, India**
Sr. Engineer-Design
- Create design of various CNC machine models and components.
 - Preparing BOMs, 2D drawings and presentation details.
 - Coordination, assembly planning & commissioning of various project
 - Prepare machine layout, specifications and documentation of project.
 - Used Software: Creo & AutoCAD

QUALIFICATION

- 07.2007 - 06.2011** **Veer Narmad South Gujarat University, Surat, India.**
- Mechanical Engineering (Bachelor)
 - **Specialization:** Design, Robotics and Manufacturing Technology.
- 08.2013 - 09.2015** **Karnataka State Open University, Mysore, India.**
- Mechanical Engineering (Master-Distance Learning)
 - **Specialization:** Machine Design Technology.

PROJECTS

- Group Project:** **"Failure Analysis of Gear Coupling"**
- Industrial live problem solving and analysis through ANSYS Software.
 - Improve stress and strain analysis and total deformation in Gear Coupling.
 - To increase gear coupling life cycle through selection and design data.
- Individual Project:** **"Computer Aided Process Planning"**
- To significantly effectiveness upon production planning standard.
 - High performance production steps through CAPP and group technology.
 - Minimize cost estimation and risk factor for manufacturing component.

TRAININGS

- 03.2011** **ANSYS Basic Training**
Institute: - Innovent Engineering Solutions Pvt. Ltd, Bangalore, India
- 05.2011** **Final year project training "Failure of Gear Coupling Analysis"**
Company: - Maheswar Steel Rolling Mill, Mehsana, India

SKILLS

- CAD/Simulation:** Solidworks, Pro-E/Creo, Unigraphics-NX (Practical knowledge), ANSYS (Basic Knowledge), Autocad
- Office Tool:** Ms Office (Word, Excel, Power Point, Outlook (Practical knowledge)
- Languages:** English(Fluent), Hindi(Fluent), Gujarati(Mother tongue)

HOBBY _____
Photography, Hiking, Music, Cricket
