Education

Parala Maharaja Engineering College, Berhampur, Odisha
Bachelor of Technology (B.Tech), Mechanical Engineering
CGPA: 6.7

2021 — 2025

Sriyan Higher Secondary School, Berhampur, Odisha
+2 Science
Percentage: 65%

2019 — 2021

Odisha Adarsha Vidyalaya, Rajapur, Ganjam, Odisha
Matriculation
Percentage: 63%

2019

Training

CATIA (Dassault System) — PMEC Campus
Basic concepts and practical usage of CATIA.

Jun 2022 — Jul 2022

SolidWorks — 3D Design — Udemy (Online)
3D modeling and design fundamentals.

Jan 2023 — Feb 2023

Technical Skills

- CATIA, SolidWorks
- Microstructure Analysis (e.g., SEM, EDS)
- Machining Processes
- MS Excel, MS Word, MS PowerPoint
- Event Management
- Problem-Solving Abilities
- Good Communication Skills

Projects

Tribological Characterization of Al-TiB₂ Metal Matrix Composite

- Investigated the tribological behavior of aluminum alloys reinforced with TiB₂.
- Used varying weight percentages of TiB₂ to enhance wear and erosion resistance.
- Employed stir casting method for fabrication of metal matrix composites.
- Conducted detailed wear testing under different loading conditions.
- Performed microstructural analysis using SEM.
- Observed improved mechanical performance with increased reinforcement.
- Aimed to develop lightweight, wear-resistant materials for engineering applications.

Extra-Curricular Activities

- Member, Innovation Club
- Volunteer, Campus Repair Drive
- Research Enthusiast
- Public Speaking
- Business & Entrepreneurial Activities
