

Piyushkumar Patel

C-204, Tirupati Shyam Villa, Althan, Surat-395017, India

+91-8460663498

Piyushpatel4075@gmail.com

Date of Birth: 01.11.1987

Nationality: Indian

WORK EXPERIENCE

03.2024 – 02.2025 **DSS Automation Technologies Pvt Ltd, Baroda, India**

Sr. Design Engineer

- Design Special purpose machine assembly concept and detail designing.
- Prepare cost estimation and documentation of development projects.
- Discussion with customers, RFQ, Feasible studies with drawings.
- R&D/NPD projects included with input, output and review steps with manufacturing feasibility.
- Manage the team, connect with other departments and work with diverse people.
- **Used Software:** SolidWorks'23, AutoCAD

09.2022 – 07.2023 **Cosmos Impex India Pvt Ltd, Baroda, India**

Asst. Manager – Innovation & Development

- Design CNC machine assembly concept and detail designing.
- Develop Sheet Metal enclosures for various CNC machines.
- Constructive development of machine elements & selection process.
- Prepare cost estimation and documentation of development projects.
- Manage, coordinate and understand development team and connect to various Department.
- **Used Software:** SolidWorks'17, SolidWorks PDM, AutoCAD

02.2021 - 11.2021 **PMT Machines Ltd, Baroda, India**

Asst. Manager – Design

- Development of various models for CNC grinding machines and SPM.
- Design Sheet Metal enclosures for various CNC grinding models.
- Research and Develop CNC grinding machine concept and detail designing.
- Co-ordinate Development Projects with Purchase inquiry and cost Preparation.
- **Used Software:** SolidWorks'16, Unigraphics-NX, AutoCAD

07.2016 - 02.2021 **Batliboi Ltd, Surat, India**

Asst. Manager - Design

- Develop CNC machine assembly concept and detail designing.
- Design Sheet Metal enclosures for various CNC machines.
- Constructive development of machine elements & selection process.
- Analysis and preparation of machine components with their feasibility.
- Prepare cost estimation and documentation of development projects.
- Develop, coordinate and collaboration with prototype and manufacturing Department.
- **Used Software:** SolidWorks'21, AutoCAD

- 07.2014 - 02.2016** **PMT Machines Ltd, Baroda, India**
Sr. Engineer-Design
- Development of various models for CNC grinding machines.
 - Research & development in Jig & fixture designing for required job application for grinding machines.
 - Innovative Ideas about automatic grinding process in various component.
 - Creation of layouts, specification and documentation for project.
 - **Used Software:** Unigraphics-NX, AutoCAD
- 11.2011 - 06.2014** **Batliboi Ltd, Surat, India**
Sr. Engineer-Design
- Create design of various CNC machine models and components.
 - Preparing BOMs, 2D drawings and presentation details.
 - Coordination, assembly planning & commissioning of various project
 - Prepare machine layout, specifications and documentation of project.
 - **Used Software:** Creo, AutoCAD

QUALIFICATION

- 07.2007 - 06.2011** **Veer Narmad South Gujarat University, Surat, India.**
- Mechanical Engineering (Bachelor)
 - **Specialization:** Design, Robotics and Manufacturing Technology.
- 08.2013 - 09.2015** **Karnataka State Open University, Mysore, India.**
- Mechanical Engineering (Master-Distance Learning)
 - **Specialization:** Machine Design Technology.

PROJECTS

- Group Project:** **"Failure Analysis of Gear Coupling"**
- Performed industrial problem-solving and analysis using ANSYS software.
 - Enhanced the analysis of stress, strain, and total deformation in gear coupling.
 - Increased gear coupling life cycle through improved selection and design data.
- Individual Project:** **"Computer Aided Process Planning"**
- Significantly improved the effectiveness of production planning standards.
 - Achieved high-performance production steps using CAPP and group technology.
 - Minimized cost estimation and risk factors for manufacturing components.

TRAININGS

- 03.2011** **ANSYS Basic Training**
- **Institute:** Innovent Engineering Solutions Pvt. Ltd, Bangalore, India
- 05.2011** **Final year project training "Failure of Gear Coupling Analysis"**
- **Company:** Maheswar Steel Rolling Mill, Mehsana, India

SKILLS

- Office Tool:** Ms Office (Word, Excel, Power Point, Outlook)
- Languages:** English, Hindi, Gujarati

HOBBY

Photography, Hiking, Music, Cricket
